HISTORY OF NLP AND THE JOURNEY SO FAR

Next Level Prayers (NLP) began during one of the most challenging seasons in recent history, the height of the COVID-19 pandemic. It was a time marked by global uncertainty, fear, and despair. In the midst of this turbulence, God planted a seed of hope through Pastor Bolaji Idowu.

NLP was birthed from a place of personal pain and divine purpose. After enduring betrayal and heartbreak from those closest to him, Pastor Bolaji found himself in a season of deep hurt. Yet, in his brokenness, he sought solace in the presence of God. Out of that intimate communion, Next Level Prayers emerged; a movement that would become a channel of healing, restoration, and breakthrough for countless lives.

From the very beginning, NLP was envisioned as more than just a prayer meeting. It was designed to be a platform where people could encounter God through

heartfelt, Bible-based, and purpose-driven prayers. At its core is the belief that intentional times of prayer and fasting unlock the heavens, releasing divine favour, wisdom, and supernatural intervention into every aspect of life.

What began as a small, virtual morning prayer session quickly evolved into a global movement. With its online format, NLP transcended geographical boundaries, uniting believers from across the world in daily prayer. This growing community has become a space where people experience the tangible love of God through consistent, life-transforming answered prayers.

The testimonies of God's miraculous interventions through NLP are countless. From physical healings and financial breakthroughs to restored relationships and spiritual renewal, the power of prayer has changed lives in extraordinary ways.

As the movement gained momentum, it expanded beyond the virtual sphere. Annual NLP conferences were launched, bringing people together in person for worship, prophetic declarations, and powerful encounters with God. These gatherings have been held in cities across the globe from Dubai and London to Ibadan, Canada, and the USA, each one igniting faith, sparking revival, and inspiring believers to step into their next level of destiny.

Today, NLP stands as a beacon of hope in a world that desperately needs God's touch. It remains a place where prayers are answered, faith is renewed, and lives are transformed. The movement continues to focus on equipping believers with the power of prayer and the Word of God, enabling them to unlock divine breakthroughs and live victorious, purpose-filled lives.

As we reflect on our journey so far, we are filled with gratitude for what God has done and anticipation for what He will do through this ministry in the years to come. The story of NLP is a testament to the power of faith, the resilience of prayer, and the unfailing love of God.

NLP TESTIMONIES

OVARIAN CYST AND PCOS DIAGNOSIS REVERSED

Good morning, Pastor B and NLP pastors,

My name is Susan Augustine. God has reversed my PCOS and ovarian cyst, and I want to share my testimony.

In 2018, I was diagnosed with an ovarian cyst. The doctor said it wasn't large enough for surgery, so I managed it. By 2020, I hadn't seen my period for months, my stomach grew, and I looked pregnant. A gynecologist diagnosed me with PCOS and advised me to lose weight and eat healthily. Despite my efforts, I kept gaining weight, and though my periods resumed, they were irregular and painful.

In 2023, I joined NLP and heard a testimony from a sister about her reversed PCOS. I believed and prayed. Pastor B prayed for women with PCOS, ovarian cysts, and similar issues. I joined in and kept praying, believing God would answer.

In March 2024, a check-up revealed an ovarian cyst and fibroid, with surgery recommended. I was discouraged but kept attending NLP and praying. By July, another check-up showed no ovarian cyst or PCOS, only a minor fibroid. I confirmed this with another scan. On January 2, another test confirmed the same results. Now, my periods are regular and painless.

I'm grateful to God for this miracle and to Pastor B and the NLP pastors. To those still waiting for their testimony, don't give up. God is on this altar. GRACE, GRACE, GRACE—this is my story.

BUSINESS APPROVAL CAME IMMEDIATELY AFTER 1 PM PRAYER WITH PASTOR B

Grace! Grace!! Grace!!! This is my story! I want to thank God for remembering me.

Since the beginning of last year, my business had been stagnant, and nothing was working. This year, I began praying to God for direction and a new business idea. I asked God to speak to me directly. In June, I received a word from God about what to do. I researched the costs but didn't have the funds. However, I kept trusting and praying for God's provision.

On June 8th, during the 1PM Thanksgiving prayer with Pastor Bolaji, he mentioned my situation, saying we should thank God because "funding for the business has been released." I keyed into it and started giving thanks. By 5PM that evening, I received a message from someone willing to cover all my startup expenses.

This is just the beginning of my testimony! I want to bless the name of the Lord.

FINALLY MARRIED

God Bless You, Pastor Bolaji & NLP Pastors

I finally have a testimony! Last December, Pastor B prophesied about a fair lady, saying the Lord was preparing her for marriage. At that time, I had just broken up with my fiancé. I'm my mother's only child, and I had never seen anyone in my family happily married. The Lord told me He wanted to make me a protocol breaker.

Though I had given up on marriage, I claimed the prophecy and started praying over it. Behold, my fiancé came back to me this January, and by God's grace, we'll be getting married in March 2025!

Congratulations to me, Mrs. Shoga Oyinkansola Eriifemayowa. Hallelujah! Grace, Grace, Grace! This is my story.

ABNORMAL MENSTRUAL CYCLE CORRECTED

Grace, Grace, Grace, this is my story. My name is Bola, and I joined NLP through my friend Bukky. I had suffered from abnormal periods for over 20 years, with heavy bleeding and irregular cycles. In 2020, I underwent two D&C procedures. This year, a 9.6cm cyst was found on my left ovary, and I was scheduled for surgery in January 2025. The surgery was rescheduled during the week of the NLP USA Houston conference due to severe pain. Despite the pain, I insisted on attending the conference.

At the conference, Pastor Dayo prayed for me, saying the cyst was gone. Afterward, I went in for the surgery on September 17. To the doctors' amazement, the 9.6cm cyst had disappeared, my fallopian tube was intact, and only minor endometriosis was removed. I give God all the glory for healing me after over 20 years of pain and shame. I will return with my marital and baby testimony. Grace, Grace, Grace, this is my story.

CLOSED A 14M DEAL UNDER 24 HOURS

Good morning, NLP,

It is with great joy in my heart that I share this testimony. I started real estate full-time in February last year. While I have successfully sold land, I hadn't been able to close any house sales or rentals.

After hearing the testimony of the lady who secured a 4.7 million contract every three months, my faith was stirred. I gave my Isaac offering on Sunday, and by Thursday night, I closed my first-ever sale of a 2-bedroom apartment for 14 million naira in less than 24 hours.

I know this is the beginning of more sales! I have my breakthrough! The Lord is good and kind to me. Grace, Grace, Grace! This is my story!!!

LETTER OF CONGRATULATIONS CART CLEARED!!!

Grace, Grace, Grace—This is My Story!

God has been faithful in my life and that of my boyfriend, now my husband. Thank you, Pastor B, for saying yes to God. I started 2024 confused and brokenhearted after my master's degree. I got a professional job, but it was withdrawn due to my visa situation. I was broke, but my boyfriend supported me.

Fast forward to my letter of congratulations—every single thing on my list manifested. I got a professional job, a scholarship, got married on 28/11/2024, and had a financial breakthrough.

Here are the highlights from my 2024 letter of congratulations:

1. Marital settlement—fulfilled.
2. Immigration settlement—ongoing.
3. Career breakthrough—secured a position as a project support officer.
4. God's grace and favor—received.
5. Right connections—granted.
6. Financial breakthrough—achieved.
7. Debt clearance—completed.
8. God's evidence in my life—visible.
9. Clear direction—received.

Thank you, Lord, for perfecting all my requests. Thank you, NLP pastors. I look forward to what God has for my husband and me in 2025. Grace, Grace, Grace—this is our story.

HOW TO PRAY WHEN NOTHING IS WORKING

- PASTOR BOLAJI IDOWU

What do you do when you pray and feel like your prayers aren't being answered? It's easy to get discouraged when you see every other area of your life falling into place, but that one prayer request seems to drag on. Whether it's about having children, getting business funding, landing a job, or receiving approval for something important, it can feel like God is silent.

But let me offer a different perspective. Just because your prayers haven't been answered the way you expect doesn't mean God is not at work. Prayer is more than asking; it's about aligning ourselves with God's timing and understanding His ways.

IS IT REALLY THAT GOD ISN'T ANSWERING?

In Acts 3, there's a story of a man who had been lame from birth. Every day, he sat at the temple gate asking for alms. When Peter and John passed by, he asked them for money. But Peter didn't give him money; instead, he said, "In the name of Jesus Christ of Nazareth, rise up and walk." The key moment came when Peter reached out his hand, helped the man up, and as he tried to stand, his legs were healed.

This story teaches us that God's answers often require action. The man could have sat there waiting for a miracle, but it was his willingness to try and stand that released the healing. God's power is available, but it's activated when we take action. If you're praying for a job, don't wait for an invitation—apply! If you're praying for business success, take the first step and prepare your plans. It's through your faith and action that God's power will manifest.

FAITH WITHOUT ACTION IS DEAD

Faith isn't passive; it requires action. You can't pray for a spouse and then sit at home expecting someone to knock on your door. If you're praying for a promotion, you can't just sit back and wait for it to come to you. Take steps in faith. Show up where opportunities exist. When you move, God moves with you.

If you're praying for something big, whether it's a financial breakthrough or an opportunity, your faith must be demonstrated through action. Faith alone isn't enough; it's faith coupled with works that brings results.

MAINTAINING A POSITIVE CONFESSION

Another reason prayers seem unanswered is negative speech. Even after praying with positive words, we sometimes speak doubt into our situation. Zechariah experienced this when he doubted the angel's message and had his mouth shut to prevent him from hindering God's plan. Similarly, Daniel's prayer was answered after 21 days because he maintained a positive confession during the wait.

In times of delay, your confession needs to align with your faith. Speak life into your situation, even when circumstances suggest otherwise. God's word in your mouth can bring about the results you desire.

TRUSTING GOD'S TIMING AND WAYS

Finally, remember that God's ways are often different from our expectations. In 2 Kings, Naaman almost missed his healing because he didn't want to follow God's unconventional instructions. Sometimes, God answers us in ways we don't expect. Our ego and pride can block blessings if we refuse to accept help from sources we deem unworthy.

CONCLUSION

So, if you feel like your prayers aren't being answered, remember this: take action, keep your confession positive, and trust God's methods. He may not answer the way you expect, but He is faithful. Keep praying, keep moving, and trust His timing. When you do, you will see the manifestation of your prayers.

MOUNTAIN-MOVING FAITH: UNLOCKING THE POWER TO OVERCOME

- PASTOR BOLAJI IDOWU

Faith is not just a religious concept; it is a force that has the power to reshape lives, defy limitations, and move mountains. Jesus Himself declared in Matthew 17:20 that if we have faith as small as a mustard seed, we can command mountains to move, and they will obey.

Yet, many believers struggle to step into this reality because fear, doubt, and limited expectations cloud their understanding of faith. Instead of walking boldly in God's promises, they shrink back, settling for a life of mediocrity. But faith is not meant to be passive—it is an active, dynamic force that empowers us to conquer challenges, break barriers, and step into the supernatural.

THE MIRROR PRINCIPLE OF FAITH

One of the greatest revelations of the New Testament is that God's commands are not mere instructions; they are reflections of who we are. When God tells us, "Do not fear," it is not just a directive but a revelation that fear is not part of our divine nature. 2 Timothy 1:7 reminds us, "For God has not given us a spirit of fear, but of power, and of love, and of a sound mind." This means that fear is unnatural for the believer.

Yet, many Christians live in anxiety—fearful about their finances, relationships, careers, and futures. They struggle to trust God fully, allowing worry to dictate their decisions. But faith calls us to see ourselves the way God sees us. The "mirror principle" teaches that whatever God declares about us is our true identity. If He says we are fearless, then we must reject fear. If He calls us victorious, then failure is not our portion. Faith begins with a shift in mindset—choosing to believe God's report over every other voice.

FAITH TRANSFORMS WORRY INTO TESTIMONIES

Philippians 4:6 gives us a powerful key to overcoming anxiety: "Do not be anxious about anything, but in everything, by prayer and supplication, with thanksgiving, let your requests be made known to God." Worry is a sign that we are depending on our strength rather than trusting in God. But faith teaches us a better way. Instead of dwelling on negative circumstances, we turn to prayer, releasing our burdens to God and standing in expectation of His intervention.

There are countless testimonies of people who have witnessed God's power because they chose faith over fear. Consider the woman who had been trying to conceive for six years. When she finally got pregnant, she began to experience heavy bleeding. The doctors were certain she had lost the baby. But instead of accepting their report, she held onto God's Word, believing that her child would live. Today, that child is two years old—a living testimony of faith in action.

Whose report will you believe? The doctor's? The economy's? The naysayers'? Or will you believe the unshakable Word of God? Faith is the bridge between worry and testimonies. It is what turns impossibilities into realities.

FAITH IS A LIFESTYLE, NOT A ONE-TIME EVENT

Faith is not something you activate only in emergencies—it is a way of life. You do not prepare for battle on the day of battle; you prepare ahead of time. Many believers struggle with faith because they wait until crisis strikes before trying to build it. But faith must be cultivated daily, through prayer, meditation on God's Word, and intentional belief in His promises.

James 1:5-6 gives us a powerful principle: "If any of you lacks wisdom, let him ask of God, who gives liberally and does not withhold. But let him ask in faith, with no doubting." This applies not just to wisdom but to every area of life. If you need provision, healing, a breakthrough—ask in faith, without doubting. Faith does not prepare for failure; it prepares for victory.

A young Christian once prayed for rain to stop before going out, yet he still carried an umbrella. An older believer corrected him, saying, "You didn't pray in faith. If you truly believed, you wouldn't be preparing for rain." Many people pray but still prepare for failure. True faith prays and prepares for victory.

CONCLUSION

Faith is the currency of the kingdom. It is the force that defies logic, breaks barriers, and achieves the impossible. If you find yourself stuck in fear, doubt, or small thinking, it is time to reignite your faith. Speak boldly, dream bigger, and step into the supernatural life that God has promised.

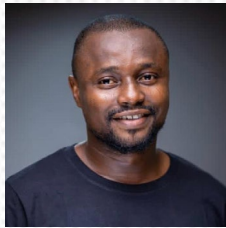

You were not created to live in fear. You were not called to settle for less. God has designed you for greatness. But to walk in that greatness, you must activate your faith.

It is time to move mountains!
